

About Us – Z Nails

Get Your Shine On ✨

Z Nails by CZ is a home-based nail studio founded and managed by **Christinne Zaldua (Chris)**, dedicated to providing quality nail care services in a comfortable, welcoming, and personalized environment.

At Z Nails, we believe that nail care is more than a beauty service—it is a form of self-expression and self-care. Our goal is to help every client feel confident and empowered through professionally designed nail services tailored to their individual style and preferences.

We are committed to delivering excellent craftsmanship, maintaining high standards of hygiene, and creating a relaxing experience for every appointment. Whether you prefer classic, minimalist designs or more detailed and creative nail art, we strive to provide results that reflect your unique personality.

As a home-based studio, Z Nails offers a more personal and client-focused approach while ensuring convenience and flexibility through two service locations:

- **Classica Northgate, San Jose del Monte, Bulacan**
- **Symphony Towers, Quezon City**
